

To everybody's liking

Shoes should not only fit the foot perfectly but they should also fit its wearer. That is why the personal taste and individual design of shoes is in the center of attention, too. No matter whether you want an exclusively produced made-to-measure shoe or brighten up a ready-made shoe later. With the accessories and the ornamenting devices from Minke, every shoe becomes real unique object.

**A special highlight...
...laces made of rubber**

The shoe automatically adapts to altered room conditions, as to swollen feet, for instance. No renewed lacing is required, no disturbance in blood supply caused by too tight shoes. But also perfect for patients with motor disturbances, as spastics, for example! Available in the colors black, brown, beige, white, and grey and in the lengths 45 and 60 cm.
